

Some of the more frequently sighted birds in the Caribbean.

Of all the birds above, only one migrates to the Caribbean all year-round. And now, American Airlines and American Eagle® are seen in more parts of the Caribbean and the Bahamas more often than ever before. With 31 destinations in all, including Barbados, Marsh Harbour, Antigua, Montego Bay, Tortola, St. Kitts, Aruba and Curacao. There are many more, too. Including Grenada, our newest addition to the Caribbean.

What's more, American serves the Caribbean from 14 gateways throughout the U.S. And, with American's Fly A^Away VacationsSM, you'll find the Caribbean easier to get to in more ways than one. So, when you're ready to fly south — no matter what time of year it is — give us a call at 1-800-321-2121.

American Eagle® is a registered service mark of American Airlines, Inc., and is American's regional airline associate. Schedules subject to change.
